“Please note:

Your nominations and supporting materials will be retained by VAST and will not be returned.”

This award is designed to recognize clubs who work in collaboration for the betterment of the experience for the entire VAST membership, not specific to what is done for their own individual club.

This can be (but not limited to) the sharing of idea’s, co-sponsoring events, grooming coverage, resource sharing, reaching out and helping another club in a time of need.

When clubs step up and work together, the entire membership benefits.

This is done with open communication, respect, and coordination for a successful execution; a true partnership.

This award is recognized at the VAST Annual Meeting.
