

October, 2026

Dear VAST Clubs.

Irving Energy is offering a discount on bulk diesel purchases

Irving is happy to help clubs with a bulk-buy program. As you all know, pricing has been moving up, but could also drop quickly, as it did a few years ago.

Your pricing will be determined by the rack rate (not market rate) Plus \$0.23 per gallon.

This is pre-VT sales tax. To remove Vermont state sales tax, your club must complete a tax-exempt form (link below) and send it to Irving with your application/order. All clubs are tax-exempt, but you still need to fill out this S-3F IRS form. Your category is B. Portion Exempt (check the one that says: All purchases of fuel or electricity qualify. (100%).

<https://tax.vermont.gov/sites/tax/files/documents/S-3F.pdf>

ONLY ONE PERSON PER CLUB SHOULD FILL OUT THIS APPLICATION.

In addition to fueling the groomers, they would welcome the opportunity to help keep the garage/shed/barn where it is stored warm throughout the season.

Irving's winter blend diesel is an industry-leading product that requires no additional additives or blending.

APPLICATION

Club Information

Club name as registered with the State of Vermont: _____

Primary contact name: _____

Contact phone number and email address: _____

Billing contact name: _____

Billing contact phone number and email address: _____

Preferred method of payment: _____
